Address: village jam norullah kandiaro, taluka kandiaro, 67340, Kandiaro, Pakistan (Home)

● ABOUT ME

My name is Moeed, and I'm a hardworking Cambridge O Level student who genuinely loves science, technology, and learning. I've always pushed myself to get involved in different school activities, both inside and outside the classroom, which has taught me how to lead, stay disciplined, and solve problems effectively.

For example, I served as captain of the school squash team, which wasn't just about sports—it really helped me learn how to work with others, take responsibility, and manage my time well. I've also been an active member of the Science Club, where I got to explore my interest in science hands-on and think creatively about new ideas.

Beyond that, I've developed interests in areas like robotics, stock trading, photography, and tech in general. I enjoy learning about how things work and staying up to date with modern, fast-changing fields—it keeps me curious and adaptable.

Right now, I'm focused on continuing my studies through A Levels, building a strong base for a future career in science and technology. I'm disciplined, eager to learn, and excited to bring a positive attitude to any school or program I become part of.

You can provide a description of yourself here...
